

Parliament Drive  
Cross Drain  
Replacement

Community Meeting  
January 10, 2024

## Agenda

1. Review project scope and duration to replace cross drains at Parliament Drive
2. Temporary Traffic Pattern
3. Question and Answer Session

## Scope

1. Close the road connection to CR 107 and remove bollards between Arrigo and Parliament.
2. Replace the double 48" corrugated metal pipes with double 38"x 60" reinforced concrete pipes.
3. Replace the concrete mitered ends.
4. Repair the roadway after the cross-drain replacement work.
5. Reopen the connection to CR 107 and replace the bollards between Arrigo and Parliament.

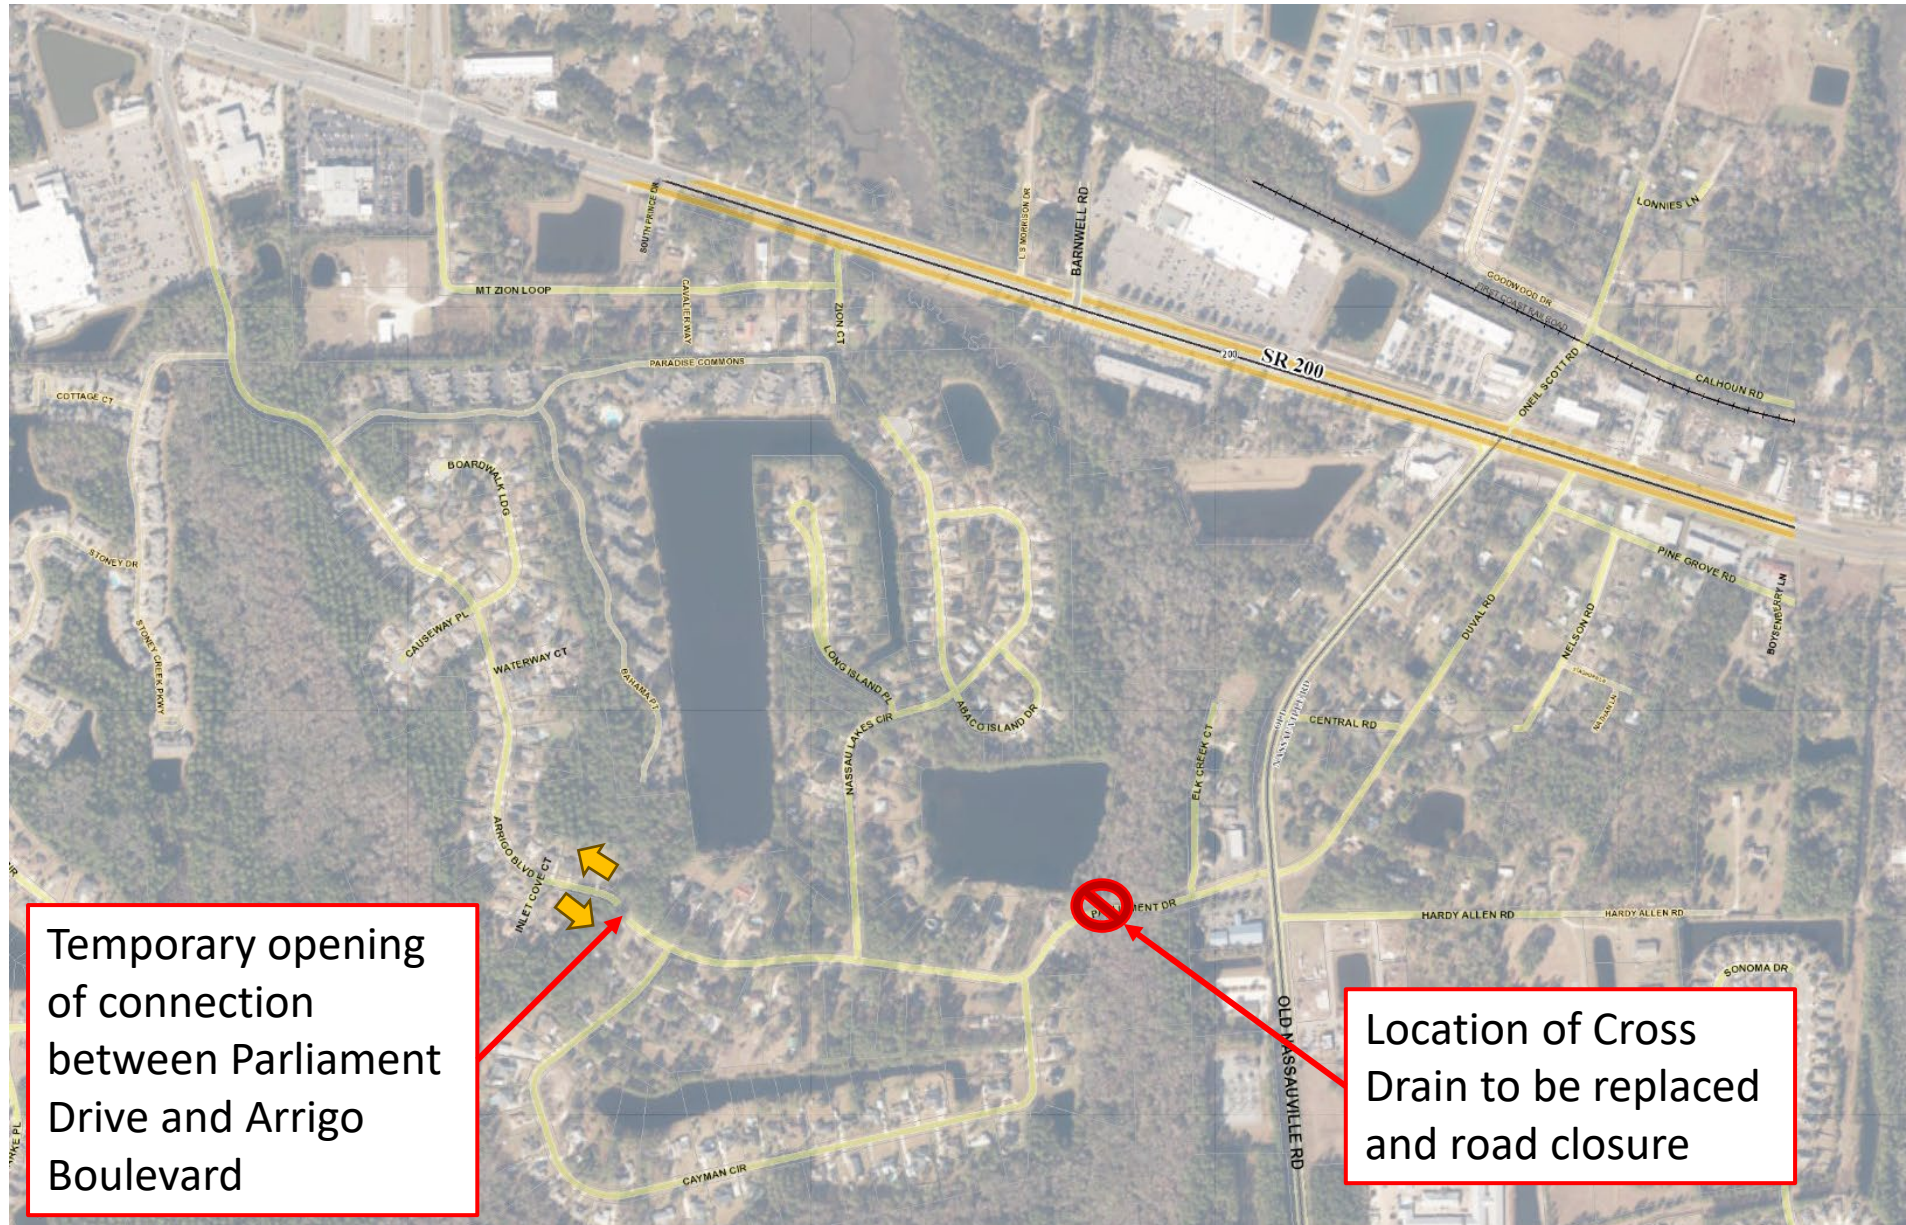

## Duration

1. Three days is planned for the work. If issues arise this timing could extend to five days.
2. Will commence work near the end of January or beginning of February depending on Elk Creek conditions and weather.
