

Dear Local Business Owner,

My name is Jay Robertson and I am the Parks and Recreation Director for Nassau County. I would like to personally invite you and your business to join us on Friday, October 29 to help bring a fun & exciting Halloween event to the Nassau County community. We are looking for businesses like yours to join us and set up a booth and hand out candy at the Yulee Sports Complex to create an interactive trick-or-treat experience. Families will walk around the walking track at the YSC, going from business booth to business booth to get whatever treat you provide. It will also allow for you to have direct interaction with a large audience of parents during that time and an opportunity to share your business information with them as well.

There will also be other exciting activities for all to enjoy such as hay rides, an interactive Halloween game area in the gymnasium, costume contests, best decorated booth contest and a free showing of "Hocus Pocus" on the football field. This first time event is bound to be an instant hit amongst Nassau County residents, but we cannot make it happen without your support. All it takes is a little time, some creativity and a pile of candy/treats! If you are interested, please fill out the below information and send it to the contact information below. Thank you for taking the time to consider joining us for this fun event. We hope to see you all dressed up and handing out candy on 10/29!

Sincerely,

Jay Robertson
Nassau County Parks and Recreation Director
